ONE STEP 22'' SANITIZER DISPLAYS

Keeping customers healthy and informed…

COVID SAFE TECHNOLOGY ™

A lot has changed over the last number of years. Now more than ever, with the increased requirements for sanitization, safety and health concerns at the forefront of every business owners mind. The way we engage with consumers. Not just for advertising and promotional items. Information bulletins, safety messages and educational information is all very important.

DIGITAL SIGNAGE IS THE SMARTEST WAY TO COMMUNICATE.

One Step Solutions is proud to offer a solution that ties in digital advertising with the ever importance of hand sanitization. Our signage employs Covid Safe Technology ™ where by the consumer will receive hand sanitization from our digital display. The technology is touchless, effective and practical . Amid Covid the safety of the consumer and staff will face some challenges .Our technology offers multiple benefits plus allows for a more direct engagement point while the consumer activates the sanitation dispenser. Broadcast your message, daily specials, up coming events to a captive viewer with the
**One Step Sanitization Display**

In today's world, customers are acutely aware of hygiene best practices wherever they are. Our fully integrated display and auto sanitizer dispenser enables you to provide a vital service for customers whilst re-enforcing your brand commitment to consumer hygiene, safety and well-being.

KEY FEATURES - AUTO LIGHT SIGNALS

The Hand Sanitizer Dispenser has been incorporated into the display to ensure your staff and customers are reassured than cleanliness and hygiene are top of your business' priorities.

Therefore, keeping the display filled with the sanitizer is of utmost importance. Tell help you with this, we have incorporated **Automatic Light Signals** to easily identify when the sanitizer needs to be refilled.

GREEN INDICATOR
MEDIUM/FULL

GREEN INDICATOR
REFILL REQUIRED/EMPTY

KEY FEATURES - AUTO-DISPENSER SENSOR

To ensure surface contact is kept to a minimum, we have also incorporated a sensor that automatically dispenses the sanitizer when a hand is detected.

1 - BORDER COLOR SHOWS BLUE WHEN NOT IN USE

2 - BORDER COLOR CHANGES TO GREEN WHEN HAND IS DETECTED

3 - BORDER COLOR RETURNS TO BLUE WHEN HANDS ARE REMOVED

EASY REFILL

When the sanitizer does need to be refilled, the process is quick and easy to ensure downtime is kept to a minimum.

Simply unlock the display, open the display, open the sanitizer cover and add your sanitizer of choice!

1 - OPEN THE DISPLAY

2 - REMOVE COVER

**3 - REFILL SANITIZER TYPE
(LIQUID/ALCOHOL/GEL)**
